

Lockheed Martin Utility Service Tunnel

Air Force Plant #6

Marietta, Georgia

J.M. Wilkerson Construction Co., Inc. was selected as the General Contractor for the construction of a new 220'-0" steam tunnel in Marietta, GA.

The tunnel construction required the removal and replacement of over 13,000 sq. ft. of taxiway. The cut and cover tunnel was 10'-0" tall and 7'-0" wide with access areas. This challenging project was completed while active flight movement and functions in the area were ongoing. JMW's teams have completed over 40 projects for Lockheed Martin and have been on base for over 10 years.
