

Georgia Gwinnett College - Building B Access Platforms

Lawrenceville, Georgia

J.M. Wilkerson Construction Co., Inc. served as the general contractor for the Building B Access Platforms for Georgia Gwinnett College in Lawrenceville, GA.

The scope of work for this project included the fabrication and installation of an access mezzanine, with existing mechanical equipment. Due to the tight and cramped work space, this project proved to be a challenge. For this project, JMW self-performed the work.
