

General Mills Parking Lots B-C Rehabilitation

Covington, Georgia

J.M. Wilkerson Construction Co., Inc. served as the general contractor for the General Mills Parking Lots B-C Rehabilitation in Covington, GA.

This project consisted of the rehabilitation of existing trailer lots. The scope of work included the scarification of existing lots, totaling an area of 60,012 square feet. All areas were then re-compacted and rolled to improve the existing sub-base.
