

# Owens Corning FG1 Rebuild

Fairburn, GA

J.M. Wilkerson Construction Co., Inc. was the contractor for the Owens Corning FG1 Rebuild in Fairburn, GA.

This project is unique in nature due to the shut down time frame. Owens Corning mandated a production line shut down to revamp the entire area. JMW was tasked with the approximate 500 CY of cast-in-place concrete in the area. The work had to be completed on time to ensure business continued as usual. This included around the clock work until it is completed, following all necessary stringent safety rules and regulations. JMW self-performed the concrete work.
